

THE SPRING MEETING.

THE JOCKEY CLUB INAUGURATES RACING IN THE EAST.

Favor, Dry Monopole, Herson, Springfield, and Hostage the winners. A large and select attendance. Dry Monopole, Fast Mile-Spirited Betting and Big Wins.

In several respects the opening yesterday of the spring meeting of the National Jockey Club at Ivy City was remarkable, and, as results thereof, the spectators were satisfactorily entertained, the management receiving gratifying encouragement, and the sporting fraternity met with various interesting surprises. Notwithstanding this was the first of six days' racing and in spite of the lowering weather which undoubtedly deterred a large number of people from venturing out to the course, the attendance was large, and rather above the average in the past season.

The usual good audiences which patronize races at Washington. Fully 2,000 persons were present, a large percentage of whom were ladies, congressmen, department of the interior, and other officials of the diplomatic corps, officers of Congress, and prominent residents of the city.

Several large numbers of spectators present yesterday to remark that a quorum of the Senate was in attendance, and an "old man" was seen in the crowd. It was also noted that the Senate was not to adjourn for the purpose of attending the races at the Mount Pleasant course, on the 14th inst., where are now some of the most pleasant residences and "villas" within the District of Columbia.

The main feature of the day's performance was the lowering of the record upon this track in two separate races—namely, by Dry Monopole, who ran the mile in 1:15, which was not only the fastest mile ever run on the Ivy City course, but, by this time, "the horse" made handsome money for the few who had bet on him. French mutual pools in this instance paid \$22.50 for a \$3 bet.

The first race was a mile, and was won by Favor, Dry Monopole, Herson, Springfield, and Hostage. The second race was a mile, and was won by Favor, Dry Monopole, Herson, Springfield, and Hostage. The third race was a mile, and was won by Favor, Dry Monopole, Herson, Springfield, and Hostage.

CONGRESSIONAL SUMMARY.

RIVER AND HARBOR BILL PASSED BY THE HOUSE.

No Provision Made for Obtaining the Work of Improvement Upon the Potomac Falls—Personal Dispute in the Senate.

In the Senate yesterday Mr. Callahan called up the interstate commerce bill. Mr. Fry called up the State Island bridge bill. The chair stated that the Senate had already given unanimous consent to continue consideration of the commerce bill during the morning hour and throughout the day, from day to day, until disposed of. The commerce bill was, therefore, laid before the Senate.

Mr. Butler opposed the bill on four grounds: First, because Congress could not interfere with the freight traffic on local roads operated wholly within state lines, and, therefore, the bill could not cure the evils complained of, and must be partial and discriminating in dealing with the subject. Second, because he preferred to leave the solution of the subject to the laws of trade and competition and to the states. Third, because of his conviction that any legislation on the subject would be grossly ineffectual and abortive to correct grievances connected with the commerce bill.

Mr. Callahan asked Mr. Ingalls if he meant that he (Mr. Callahan) was directly interested in a railroad. Mr. Ingalls said that he (Mr. Callahan) was not directly interested in a railroad, but that he was interested in the short haul. Whether or not Mr. Callahan was concerned in that short haul, Mr. Ingalls did not know. He said that he (Mr. Callahan) was not interested in the short haul, but that he was interested in the long haul.

READY FOR BUSINESS.

THE COMMENCEMENT OF THE SPENCERIAN BUSINESS COLLEGE.

Seventy Young Lady and Gentlemen Graduates—An Audience of 3,000 People Present—The Addresses of Prof. and Mrs. Spencer—Senator Voorhees Gives Good Advice.

The dull, leaden clouds which divided the fourteen hours of daylight yesterday with the sun impelled more than 5,000 people who went into the hall at 8 o'clock in the afternoon to take umbrellas. Once inside, however, everybody one knew in town was hurrying through the big doors, a fan far more necessary than a parasol, and the people had got settled in their seats and had read the names of the seventy young ladies and gentlemen who composed the graduating class of the Spencerian Business College, the fans came into general use.

There was not a vacant seat in the hall, and the people who came late had to stand up in the aisles. The most spacious stage was hanked up at the front with one great bed of flowers. Just in front of the bed of flowers, John Sousa and his band, and occupying space stretching from end to end of the stage, were the graduates of the college. The graduates of the college were standing in the front of the stage, and the people were looking at them.

Just before 6 o'clock Mr. Sousa and his band rendered the national anthem, and the graduates were standing in the front of the stage, and the people were looking at them. The graduates of the college were standing in the front of the stage, and the people were looking at them.
